

GOODBYE, LA.

| Am | Em |

Am

Feel the wind

Em

G

Blowing through the sweet magnolia

Am

Em

Scattered, torn and brown

Am

Stranded here like castaways

Em

G

With water all around

Am

Em

No one's looking down

B7

C

What we gonna do?

B7

Em

What we gonna do?

Am

Friends and all

Em

G

Floating down like maskers

Am

Em

In a... Marti Gras parade

Am

Watching all our precious objects

Em

G

Slowly drift away

Am

Em

Nothing more to say

B7

C

C2

And nothing more to do

F **C**
Goodbye, Louisiana
F **Em7**
So long, Pontchartrain
Dm **Dm/C**
I'm all about the sunshine here
Bb **G**
But not much for the rain
F **C**
Laissez les bons temps rouler
F **G**
With the hurricanes and beads
Dm **G7**
Trying to hold my head up high
F **G** **C** **C/B**
With the water at my knees

Am
All down Canal
Em **G**
Gumbo ya-ya, helicopters
Am **Em**
Everything must go
Am
Waist-high waters stop no shoppers
Em **G**
When prices get this low
Am **Em**
How low can you go?
B7 **C** **C2**
Are you taking what you need?

(Chorus)

C **C7**

F **Em**
From Thibodaux to Tchoupitoulas
Dm **C**
Storyville to here
Dm **Dm/C**
The avenues are overflowing
Bb **G**
With anger, greed and fear
F **C**
So goodbye, 'uisiana
F **G**
Farewell, Pontchartrain
Dm **Dm/C**
I'm all about the sunshine here
F **G** **C**
But I'm not much for the rain
