

## MY TOWN

**Bm** **G**  
Welcome to the Greyhound station, downtown Hollywood

**A** **Bm**  
Hope that you enjoy your visit to my neighborhood

**Bm** **G**  
There's so much to do here, there's so much to see

**E**  
Let me get those bags for you

**F#**  
Let's talk about destiny

**G**  
Oh, we could have some fun

**A**  
We could turn it upside down

**Bm**  
In my town

**Bm**  
Change the image, change the hair

**G**  
I just can't hear the hook

**A**  
But we've got guys that'll write you one

**Bm**  
Once you've got that look

**Bm** **G**  
Substance over style never made it hand over fist

**E**  
You wash my back, here's your contract

**F#**  
It's all in the wrist

**G**  
Get it while it's hot

**A**

Because we can cool it down

**Bm Dadd9 E**

In my town

**Bm Dadd9 E**

In my town

**Dadd9 Gmaj7**

In my town time is money

**E F#**

We spend either for the other

**Bm**

**Bm**

**G**

Stars in movies, stars on sidewalks, stars up in the sky

**A Bm**

We've got stars for everyone...every shape and size

**Bm G**

But they don't come easy, and they don't come cheap

**E**

It's not even who you know anymore

**F#**

And it's not with whom you sleep

**G**

Oh, it's a sad little world

**A**

But we keep it spinning 'round

**Bm Dadd9 E Bm Dadd9 E**

In my town...

In my town
