

## **RED**

*words & music by Sven-Erik Seaholm*

Red  
I'm covered in red  
Bathing in the blue light of deception  
With a deep green jealousy  
Red  
I'm covered in red

White  
Now your face is turning white  
There's no color to your delayed reaction  
Not a tinge of a hue to your satisfaction  
Only red  
I'm covered in red

Angry in red

Red  
I'm covered in red  
Was it such a surprise for the anger to rise  
When you know just who I am?  
Red  
Color me red

Now your blue sky is gray  
The yellow of the sun won't shine on your happy ending  
Your emerald eyes show a black descending

I saw red  
I saw red  
Red

I saw red  
I saw red  
Red  
I'm covered in red...
