

RIVER OPENS WIDE

*words & music by:

Love is an ocean
Twice as deep as it is wide
And I've waited a lifetime
To step into the restless tide

Carry me out, so I can
Wash away this pain
Drifting alone and waiting
Praying for the rain

But like a river opens wide
Into the sea
One day you will return to me

Four winds and a recollection
Rage within your eyes
Come like a cyclone
Reaching to capsize

Like a river opens wide
Into the sea
One day you will return to me

Love is an ocean
Spilling into empty space
Carries me out within
An infinite embrace

Like a river opens wide
Into the sea
One day you will return to me

Like a river opens wide...
Like a river opens wide...
Like a river opens wide...
Like a river opens wide...
