

## Waiting for You (Declaration)

**C** **G**  
My friends, my friends  
**F** **G**  
I've been waiting for you to come down  
**F**  
What took you so long?  
**Fm** **C** **G**  
Did you take a wrong turn now?

**C** **G**  
Brothers, sisters  
**F** **G**  
There's a reason I call you that  
**F**  
So keep it with you  
**Fm** **C**  
Don't carry it under your hat

**Am** **C+**  
And when the night is black  
**C** **Fm7**  
And it's all that you can see  
**C** **E7** **Am** **D7**  
You have my solemn guarantee  
**F** **Fm** **C** **G**  
You can always count on me

**C** **G**  
So let's begin  
**F** **G**  
To pass around the love we hold in  
**F**  
Just open your heart

**Fm** **C**  
And take it apart again

**Am** **C+**  
And when the night is cold

**C** **Fm7**  
And the sun feels years away

**C** **E7**  
Hold out your hand

**Am** **D7**  
It'll be okay

**F** **Fm** **C** **C7**  
You can always count on me

**F** **Fm** **C**  
You can always count on me
